

Shop & Offices in Naas, Co.Kildare, Ireland

Eamon Hedderman Architects specified an Ice Stick, Optiheat UFH and Maxxon Screed for a refurbishment and extension for Naas Parish Office. Hotfoot were able to provide insulation, UFH and screed at 35mm in the existing building which saved replacing the old floor. This helped reduce the time that the shop was closed for business.

FACTS:

- 246 sqm Built 2009
- Offices: OptiHeat UFH pipes ground floor first floor.
- Shop: AluFace insulation, OptiHeat UFH, 3mm Steel mesh and 30 mm Maxxon Level-Right (www.maxxon.ie)
- An IS 48 Combined was installed with a central unit
- Offices and Shop are at a constant 20 degrees
